1. A warning has been issued to all cells and local committees by the Kerala Provincial Committee (KPC) of the Communist Party of India (CPI) to be on the lookout for a CPI member who has suddenly disappeared and is now evidenced to be an agent of the Central Intelligence Bureau, Government of India (GOI). He was an active and very popular CPI worker among the students of the United State of Travancore-Cochin (USTC). He was frequently seen in student hostels and in popular eating places; CPI members admired him for his dramatic escapes from near police arrests with other party members.
2. This member, while working inside the CPI, was able to contribute the information which led to the arrest of several CPI members in the Edapally Police Station Raid case. An effective raid on the Kalady headquarters of the KPC was also attributed to the information this member supplied to the USTC police.
